### TECHNOLOGY REQUIREMENTS

- Electronic Device with audio and camera capabilities, and internet accessibility
- High Speed Internet
- Software: PowerPoint, Word (or similar product)

Rhombus University is an online university and therefore a minimum level of available technology is required to be successful. Before admission, students are required to have an electronic device that allows them to access Populi and use mainstream software such as, Zoom, PowerPoint, Word, or similar products for turning in written assignments. Students also need to have access to high speed internet to allow them to interactively participate in weekly live classes. Each student must go through an online orientation before beginning classes that teaches them to use all necessary technology. An administrative person is always available upon request to meet via Zoom to share screens and teach students to use the products well before beginning classes. Each faculty will also go through training on how to use all products used by students and faculty. The last half of the weekly live class is also a time in which students can ask questions concerning accessing and using technology and completing assignments.
