Rhombus, DBA Rhombus University is a private, Christian, for-profit institution. The purpose of the for-profit status is to ensure relevancy and sustainability. If people are not willing to pay for the education, it is likely not relevant, and therefore the business will not continue. We believe the education at Rhombus University is very relevant and needed in society today and will use the platform of a school to impact the world for a positive change.

1.5 History

Rhombus began as the need for informing and strengthening people and families was identified. The struggles of society, such as, domestic violence, addictions, parenting struggles, divorce, human trafficking, and much more are deteriorating family units. Although help is available, the help does not always appear accessible to many populations. Rhombus was started to increase access to information on mental illness, relationship struggles, emotional difficulties, family problems and other important needs. Rhombus first started as a content development company in an effort to have information available. Next, several platforms were developed to disseminate this content. Rhombus began facilitating Family Conferences to engage families and community members with valuable information by experts. Then, Rhombus became a continuing education provider, with a mission to both advance the skills of Christian counselors and increase information and training to those not seeking higher education. Rhombus has offered certification programs to train people with counseling and coaching skills and information to help others with the many identified struggles in families and communities.

Rhombus University was started as a powerful platform for increasing professionally trained and credentialed Christian counselors who could also increase the training and education in many cultures and languages. Our goal is to train, mentor, and equip people who can then inform and equip others in their families, churches, and communities.

2.2 Academic Calendar/Schedule of Classes

Rhombus University (RU) is a non-traditional term institution and does not operate according to a conventional academic calendar. The academic year is divided into three trimesters and runs all-year. Students may enroll anytime in a trimester. RU's low student/faculty ratio and class size, which averages fewer than 15 students per Faculty Mentor, facilitates active learning and collaboration. This is typically for supporting graduates from other states in seeking licensure in California. The application process and admission criteria are very similar, although students taking classes without pursuing a degree, may submit a conferred Master's degree rather than a Bachelor's degree if applicable. In addition, the following admission criteria may be waived: Essay on the purpose of seeking the degree, three letters of recommendation, membership of CAMFT for Ebsco access may be waived depending on the courses needed - Background check may be waived if prospective students has documentation of completing a background check with CA BBS.

3.2 Procedures for Enrollment**3.2.1 Application for Admission**

Prospective students applying for admission to Rhombus University's (RU) programs begin the admission process by submitting an application along with the application and background check fee.

As a prospective student, you are encouraged to review this catalog as well as the School Performance Fact Sheet, which must be provided to you prior to signing an enrollment agreement. An application which is later verified to contain incomplete, false, or misleading information may be grounds for dismissal. If students are not able to understand the terms and conditions of the enrollment agreement, they may request a separate meeting with a Rhombus representative. During this meeting, the Rhombus representative will email a Zoom link to live stream and discuss the difficulty further, to discover and mitigate the confusion.

RU's admissions representative will advise students regarding the documents required in order to be accepted and begin a program of study. All required documents must be

submitted to the school prior to the program start date. Students must complete the admissions process and be accepted and enrolled before beginning the first class.

The applicant initially meets with an admissions representative to discuss career opportunities and the process of enrollment. The notification of admission acceptance or denial will be emailed to the prospective student's email on file.

3.2.2 Admissions Policy for Applicants with Felony Convictions

Rhombus University cautions applicants with felony convictions to carefully consider before applying. The University does not believe that students should make a substantial investment of time, money, and potential debt if the ability to secure employment in the field of training is unlikely. The Master of Arts in Counseling Psychology likely leads to counseling jobs and licenses which may have strict regulation on past felonies. It is possible to complete your degree and not be able to be licensed or hired at the discretion of other government and employment agencies. If you have a felony conviction, please disclose that information to your Admissions Counselor for further assistance.

3.2.3 Identity Verification Policy

Applicants submit photo ID to Rhombus University through scanning and emailing it. This will be available for admission staff to use for verification purposes during the live 'Zoom' interview. Populi is used for submission of all assignments and monitors IP verification and tracking as an integrated feature of the LMS. RU administration can review all activity of students and verify IP addresses as well as the location of log-in. Rhombus University uses the proctoring service built into Populi, the LMS. This entails an approved proctor to verify students' ID before taking tests. This is utilized throughout the sequence of courses.

3.2.4 Criminal Background-Check Policy

Applicants agree to participate in a volunteer background-check and understand that the results may deter an approval status. Rhombus University reserves the right to disqualify an application due to past convictions and will carefully consider relevant information included by the prospective student. Though many factors are considered during admission, as a policy, the University does not disclose the reason for denial. Background-check fee will be assessed as part of the Admissions interview process.

3.2.5 Entrance Exam

Following interview with the result to proceed toward acceptance into the program, the student will take an Entrance Exam. The Entrance Exam is used for tracking progress of learning by comparing the entrance exam score with the exit exam score received upon graduation. The entrance exam is a requirement for admission before being fully accepted into the program, and yet is not used as a factor of acceptance or denial.

3.2.6 English Language Proficiency

English is the primary language of instruction at RU. If English is a second language, the student is required to take and receive a minimum total score of 60 on the paper-

delivered Test of English as a Foreign Language (TOEFL PBT), or 71 on the Internet Based Test (iBT); 6.5 on the International English Language Test (IELTS); 50 on the Pearson Test of English Academic Score Report; 100 on the Duolingo English Test; or 55 on the 4-skill Michigan English Test (MET), or 650/LP on the Michigan Examination for the Certificate of Competency in English (ECCE), or 650/LP on the Michigan Examination for the Certificate of Proficiency in English (ECPE). One of these exams must have been taken not more than two years prior to the date of the application in order to determine a student's eligibility and success in the program.

Applicants are exempt from English language proficiency assessment when any one of the following is true:

- The applicant holds an undergraduate or graduate degree in the English language from an American college or university deemed acceptable by RU.

Students may also petition to demonstrate their English proficiency by submitting previous academic written work or other forms of documentation, which will be reviewed by admissions. RU reserves the right to make the final determination in such cases. RU does not have English language services but may refer students to outside agencies for help if needed.

3.2.7 Admissions Status

A student is granted Admitted status by RU after all documents have been received, the applicant's admission file has been reviewed and approved, all admission requirements have been met, and the student has been officially notified by letter or email.

3.2.8 Official Diploma/Transcript

An applicant must submit an official Bachelor's transcript with degree posted and (if applicable) all other official transcripts reflecting postsecondary work taken at other institutions.

3.2.9 Foreign Transcripts

RU recommends that all academic records from countries other than the United States be evaluated by a nationally-acknowledged evaluation service approved by RU. Please see an admissions representative for a list of approved services.

3.2.10 Technology Requirements

- Electronic Device with audio and camera capabilities, and internet accessibility
- High Speed Internet
- Software: PowerPoint, Word (or similar product)

Rhombus University is an online university and therefore a minimum level of available technology is required to be successful. Before admission, students are required to have an electronic device that allows them to access Populi and use mainstream software such as, Zoom, PowerPoint, Word, or similar products for turning in written assignments. Students also need to have access to high-speed internet, a webcam, and headset or appropriate microphone and speaker system that allows them to interactively

participate in weekly live classes. If exceptions are made, a reason for inability to comply and an appropriate alternative must be agreed upon by student and RU administration. Applicants must sign an acknowledgment of agreement and compliance before being admitted.

Each student must go through an online orientation before beginning classes that teaches them to use all necessary technology. An administrative person is always available upon request to meet via Zoom to share screens and teach students to use the products well before beginning classes. The last half of the weekly live class is also a time in which students can ask questions concerning accessing and using technology and completing assignments.

3.2.11 Assessment for Admission

The school retains the right to accept or reject an applicant based on the applicant's character reference, scholastic status and/or financial status. Rhombus University has a policy to not disclose the reason for rejection. Presuming all requirements and standards of admissions are met and the applicant is motivated and prepared to make the financial and personal commitment toward his/her chosen training program, an enrollment agreement between the school and the applicant may be signed, the first payment may be made (prior to the first day of class, unless other arrangements are made, the student is required to pay in full: the registration fee, cost of books & equipment, and the first tuition payment) and a start date may be set.

3.3 International Students and Visas

RU is not approved to grant international student visas at this time. Students may choose to complete the degree online from another country.

3.4 Orientation

Each new student must complete the online student orientation before enrolling in the first courses. Two weeks is allowed to complete orientation. The purpose of orientation will be to review and explain:

- The vision of Rhombus University
- The learning management system and typical process for attendance and submitting assignments
- Student's responsibilities during the academic process
- The services provided by the school
- Road to licensure and/or other alternative certifications
- The conduct expected of RU students and graduates in their fields of study
- Procedures for grievances and contact options

3.5 Withdrawal/Drop Policy

Any student who wishes to withdraw from the program should first submit in writing a letter to RU, noting the reason for withdrawal. Any student who does not enroll for two consecutive trimesters will be automatically dropped from the degree program and will need to re-enroll if later wishing to continue the degree program.

3.6 Re-enrollment

Any student who wishes to re-enroll in the same program should first submit in writing a letter to RU, noting the reason for initial withdrawal and reasons for desire to re-enroll. Any student who re-enrolls must sign a new enrollment agreement at the current tuition rate and will be governed by the more recent academic catalog.

Re-enrollment is appropriate if a student:

- Withdrew from the University
- Interrupted continuous program enrollment during class
- Was dismissed or suspended for nonacademic reasons
- Invalidated a leave of absence
- Plans to return for graduation

Students who left in good standing and who are re-enrolling in their previous major will likely be approved to re-enroll. Every re-enrollment request will be reviewed, and a status report will be returned to the student.

3.7 Reinstatement Policy

Whether due to probation, termination, suspension or personal reasons, students who have been in any one of these conditions and did not enroll with RU for more than a year, may be reinstated upon approval of the traditional admissions process. Some paperwork may already be on file, but a full admissions process is to be followed to be reinstated as an active student.

4. FINANCIAL INFORMATION

Trained staff will be available to assist students with general financial questions, regarding the tuition cost, and policies and procedures.

4.2 Student Tuition Recovery Fund (STRF)⁵

Student Tuition Recovery Fund Disclosures (CEC 76215):

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N. Market Boulevard, Suite 225, Sacramento, CA 95834, (916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.

⁵ 5, CCR 76215 (a),(b)

5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

4.3 Tuition Payment Policy

Rhombus University has a “pay-as-you-go” method to allow ultimate flexibility and more opportunities for people to receive a degree. Tuition is charged to the student’s account after the enrollment agreement is signed and before a student enters the identified course. The student must have that particular class paid in full before enrolling in the next class.

The student is solely responsible for payment of all tuition, which must be paid in full in order to graduate. The school can deny a document of completion (including transcripts) to a student who has not fully paid their obligation to the school.

RU is not a lending institution. For any program, tuition should be paid on a pre-arranged method according to the contract. Should payment not be made per the agreement, the student may be suspended until such time as tuition is current.

4.4 Processing Fees & Late Fees

Due to the “pay-as -you-go” method of payment, there are not processing or late fees. A student must pay fees if full in order to access the next class.

4.5 Tuition Collection Policy

The University's Business Office can provide assistance to you by arranging a partial payment agreement that will allow you to make affordable monthly payments until your balance is paid in full.

If a student thinks there is an error on their bill or if they have an extenuating circumstance, they must file an appeal in writing within one week of the start of any new semester. Students with an outstanding debt who wish to make payment arrangements that would allow a return to school should not request an appeal.

Appeals will be reviewed for extenuating circumstances which resulted in the student not being able to complete an official withdrawal or not being able to comply with the required time frame. Non-attendance in class is not a basis for appeal. A student's lack of awareness of registration, withdrawal, add/drop and other related matters are not subject to appeal.

Extenuating circumstances may include but are not limited to University error, recent unanticipated medical conditions or emergencies, or a recent family emergency.

Unanticipated Medical Conditions may include:

- Illness or injury of the student of such severity or duration that competent medical authority has certified that completion of the course is/was precluded;
- An unanticipated medical condition that occurred during or immediately before the eligible semester.
- An illness to which the student had no prior knowledge, or a sudden increase in severity of a known condition.

Recent family emergencies may include:

- Unforeseen medical incapacitation of immediate family;
- Family circumstances of such severity that the student's presence is/was required away from school and precluded completion of the course, such as death of immediate family member (parent, sibling, spouse) or illness;

Required documentation:

- Death certificate or obituary notice or; A letter from your relative's physician.

Holds may be placed on student course registration for unpaid balances of tuition and fees. In order to have the holds removed, you are required to bring your delinquent tuition account balance to zero.

Failure to make satisfactory arrangements with the University within ninety (90) days of the start of a new semester may result in your tuition account being placed with a licensed collection agency.

Arrangements with a Collection Agency

If your delinquent tuition balance has been placed with a licensed collection agency, payment arrangements must be made with the respective agency. You should have received a letter with the contact information of the collection agency that was selected to service your account. If you do not have the letter, please contact us.

The availability and terms of a partial payment agreement will be at the discretion of the collection agency. In order to have the registration holds removed from your account, you are required to bring your delinquent tuition account balance to zero.

4.6 Refund Policy

Students have a right to cancel an enrollment agreement and obtain a refund of charges paid through the first week of attendance or the 7th day after enrollment, whichever is later. Per California Education Code 94920, students who cancel their enrollment on or before the first-class session (or on the 7th day after enrollment) will receive a full tuition refund, excluding fees not to exceed \$250.

For students withdrawing after the first week of attendance and before completing 60% of the course, the prorated refund amount will be refunded to the student within no more than 30 days from when a school representative receives a signed request by the student to cancel a class. Students who wish to withdraw from the school should fill out the proper form and email the registrar's office. The prorated amount will be refunded according to the number of weeks completed by the student as described in the Refund Proration section below.

Rhombus University is not responsible for books, materials or equipment purchased by the student. Students need to be aware of refund policies from companies from which they purchase such items.

4.7 Refund Proration

Students are charged the full amount of tuition per course under the identified enrollment agreement. The tuition charge per course is for 7 lessons of curriculum (or 14 lessons for practicum courses) which the student is required to complete within their Course Completion Plan (CCP) of either 7-weeks or 14-weeks (please refer to the Attendance Policy

<https://docs.google.com/document/d/1uOrdVxAp2kZMYNZvllktn7N3ivDXPgSyAk--vaZJfJM/edit?usp=sharing>). Withdrawing from a course will allow for possible reimbursement of tuition charges based on the submission of any coursework within each of the lessons. For example, if a student withdraws from a course prior to submitting any coursework AND within seven (7) days of enrollment into the course, the student is entitled to a 100% refund of tuition paid, not including the enrollment fee and other non-refundable and/or one-time fees. If a student withdraws from a course after submitting 60% coursework (submitting any assignment in 5 or more of 7 lessons (10 of 14 for practicum)), the student will not receive a refund. If a student submits less than 60% coursework (submitting any assignment in 4 or less of 7 lessons (9 or less of 14 for practicum)), the student is eligible to receive a prorated refund. (See Table 1: Eligible Refund for Lessons Completed).

To calculate refunds, Rhombus University uses DEAC's definition of academic units of measurement to determine hours in the program. Semester hours are equivalent to the commonly accepted or traditionally defined units of academic measurement in accredited institutions. Academic degree distance learning courses are measured by the learning outcomes normally achieved through 45 hours of student work for one semester credit. A 3-unit course equals 135 hours of student work. Therefore, the calculation used to determine refunds defines "hours in the program" as 135 hours for a 3-unit class, whereby the 135 hours are divided into 7 lessons, equaling 19.28 hours per lesson (or rounded to 19.3).

If a student withdraws from a course with 4 or less lessons submitted, a refund is granted based on the following calculation: Number of lessons x 19.3 hrs/lesson ÷ 135 hrs/course = % of course completed. This percentage subtracted from 100 percent, multiplied by the total amount of tuition paid is equal to the eligible refund (percentages are rounded to the nearest whole percentage) as follows:

Table 1 Eligible Refund for Lessons Completed							
Lessons	X 19.3 hours	÷	135 hr/ course	=	% completed	Thus	% eligible refund
0	0	÷	135	=	0%	Thus	100%
1	19.3	÷	135	=	14%	Thus	86%
2	38.6	÷	135	=	29%	Thus	71%
3	57.9	÷	135	=	43%	Thus	57%
4	77.2	÷	135	=	57%	Thus	43%
5	>60%	÷	135	=	>60%	=	No refund
6	>60%	÷	135	=	>60%	=	No refund
7	>60%	÷	135	=	>60%	=	No refund

4.8 Financial Aid

4.8.1 Federal and State Aid

If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds. RU does not provide state or federal financial aid. Students must use personal resources such as cash or credit to pay for education. It is the pursuit of RU that students conclude their educational accomplishments debt free. If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund.

4.8.2 Institutional Aid

Graduate Assistant Discount: The Graduate Assistant Discount is a tuition discount available for high quality graduate students who have financial need in pursuing their degree. The purpose of this tuition discount is to allow increased diversity of students

with various backgrounds to pursue their degree and support the growth and quality improvement of the university and affiliate programs. Students volunteer for a minimum of 10 hours a week and receive their course tuition paid for. Students are responsible for any other fees aside from tuition.

4.8.3 Third-Party Funding

Any funds that a student acquires from a third-party (unrelated to Rhombus) would be applied to the student's account in the same manner as any payment made by the student. The relationship with and requirements of the student imposed by the third-party would remain solely with the student. In the even the student withdraws from a course(s) and a refund is due, payment would be made to the student, and it would be the student's responsibility to deal with the third-party.

5. ACADEMIC POLICIES

5.1 Grading Policy

The progress and quality of a student's work in the degree program is measured by a system of letter grades and grade percentages as shown below. Evaluation may be measured by means of written tests, projects, reports, term papers and clinical performance. The final grade is a composite of all evaluation measures taken.

5.2 Grading Standards – Degree Program

The grading standard is according to the following system:

Theory

<u>Grade</u>	<u>Score (%)</u>	<u>Grade Explanation</u>	<u>Grade Point</u>
A	100-96	Excellent	4.00
A-	95-92	Very Good	3.85
B+	91-89	Good	3.50
B	88-86	Above Average	3.15
B-	85-83	Average	3.00
C+	82-80	Below Average	2.70
C	79-77	Poor	2.30
C-	76-74	Unsatisfactory	2.00
F	Below C-	Failing	0.00

All numerical grades are rounded to the nearest whole number (e.g. 69.51 rounded to 70%). "I" may be made up upon arrangement with the instructor.

Faculty Mentors return grades and grading feedback within 7 days of submission. Resubmission of assignments must be approved by Faculty Mentors.

Clinical

<u>Grade</u>	<u>Score %</u>	<u>Grade Explanation</u>
Pass	100 to 83	Complete Clinical Objectives & Satisfactory Clinical Evaluation
Fail	Below 83	Incomplete Clinical Objectives & Unsatisfactory Clinical Evaluation

Additional codes include:

<u>Code</u>	<u>Explanation of Code</u>
RP	Repeat a Course
AU	Audit
R	Remediation

5.2.1 Academic Integrity

Rhombus University expects its students to conduct themselves honestly in their personal and academic lives. If evidence arises of academic dishonesty, the dean of the program will investigate the matter and take appropriate action.

Offenses Against Academic Integrity:

Cheating: Cheating is never tolerated at RU.

Plagiarism: Plagiarism can occur intentionally or inadvertently. Intentional acts of plagiarism involve knowingly and willingly treating another person's work as one's own original work. It includes copying or imitating the words, sentences, outlines, or ideas of another person. Inadvertent plagiarism can occur when a student fails to properly cite original sources. Plagiarism will not be tolerated at RU. Therefore, all offenses of plagiarism will be reported to the dean of the program in which the offense occurred and an investigation will be made to determine what disciplinary action should be taken.

Aiding or Conspiring in the Commission of Plagiarism. Helping someone commit plagiarism is viewed as equally dishonest as plagiarism, for all participating parties.

Multiple Submissions: This offense occurs when a student submits a paper that was written for another course as if it were an original paper satisfying the requirements of the present course. Attempting to submit such work is deceptive and a form of academic dishonesty. On the occasion that a student's previous work has some potential for expansion, improvement, or to serve as a starting point for another line of thought (as with Doctrinal Summary/Synopsis) the student will be advised by the professor to what extent a particular previous work may be permitted. The professor may require that a copy of the previous work be submitted with the later work.

Consequences for Offenses Against Academic Integrity:

As a broad policy, the first attempt of an offense against academic integrity will result in a warning and clarification on plagiarism, or the offense, as well as the student needing to redo the assignment. Any subsequent identified offenses against academic integrity will result in dismissal as a student, unless administrative leadership has a reason for allowing alternative corrective actions. Offenses against academic integrity are evaluated on a case-by-case basis to determine the course of action.

5.2.2 Populi Proctoring Policy and Procedures

The weekly proctoring schedule is a set day(s) and time(s) that students join the proctor (usually the librarian, or a faculty mentor) in a zoom session. Here the student must show his/her valid ID and communicate with the proctor for the required access (see Populi Proctoring, below). If a student needs to complete a proctoring assignment and is not able to attend a particular scheduled proctoring session, he/she needs to communicate with his/her faculty mentor prior to the scheduled session. Students need to be aware of their proctoring needs and make arrangements to take advantage of the regular schedule. Exceptions to using the regular proctoring schedule are exceptions, and will not be entertained on a regular basis.

All Rhombus University students are required to select a proctor. This person will be approved by the University to proctor the examinations that students take while at the school. This is necessary to preserve the integrity of the examination process because not all exams are open book.

The proctor cannot be a relative of the student and cannot be a student enrolled at Rhombus. Some examples might include a college or university administrator or faculty

member, a school superintendent or principal, a school or public librarian, a ministry director, or a pastor. Once the student has identified a proctor, the University will send that person an application form.

1. The proctor should complete the proctor application form as soon as possible in the term, no later than two business days before the exam is to be taken.
2. If the proctor is approved, they will receive the password for the exam by email.
3. The student must arrange with the proctor a time and place for the examination to be administered. The proctor must be present in the room (physical or zoom with webcam and sharing full screen) with the student during the entire time the examination is being taken. The proctor must ensure that the student does not use textbooks, notes, study guides, or the Internet to look up answers to test questions.
4. At the time of the exam, the proctor must ask the student to show a government-issued ID to verify that the person taking the test is indeed the student whom they had signed up to proctor.
5. Then, the student will log into our Populi LMS and click on the link to the exam.
6. The proctor will enter the password they received by email in step #2, and the student may begin the exam. The proctor should be sure not to share the password with the student or let them see it. You may watch a detailed video of steps 5 & 6 here.
7. The proctor should remain present until the student has finished the exam to ensure the student doesn't cheat on the exam.
8. Most exams are automatically graded so the student will see their grade immediately. If the exam has essay or short answer questions, the professor will need to grade those, so the results will not be displayed immediately. The student will receive an email notification when these exams are graded completely.

If you need help with the proctoring process, please email registrar@rhombus.edu

Populi Proctoring

Test proctoring lets you require your students to take tests with an observer present as a guard against cheating. Here's how it works:

1. You set up your test to require proctoring, or you add an exception to an unproctored test to require proctoring for specific students (see below). Students may also be required by the registrar to be proctored for all online tests.
2. When the student takes the test, Populi asks the proctor for contact information, including a mobile phone number.
3. Populi sends the proctor a check-in code via SMS. After the proctor enters it, the student can take the test.
4. After the student submits the test, Populi sends the proctor a check-out code via SMS. The proctor must enter the code and check to verify that he did not observe any cheating.
5. If the proctor doesn't check out, the test is flagged for your review in the test history.

6. Proctored tests show you the contact info for the proctor and links it, if possible, to people already entered in Populi. This helps you contact the proctor to verify his identity.

All you need to do is to require proctoring for the test or individual students.

- You can require proctoring for all students by checking the box when setting up the test assignment or by setting *Proctored* on the test's page to *Yes*.
- To require proctoring for individual students, add a proctoring exception (below).

Exceptions

You can add exceptions for individual students for test availability, time limit, and proctoring by changing the settings on the right column of the test's page.

Availability exceptions

If a student needs to take a test outside the availability window—say, he missed it due to illness—you can open up a time for just him to take the test.

1. Under *Availability*, click **Add an exception**.
2. Select the student from the drop-down.
3. Enter the new availability dates/times.
4. Repeat the above steps as often as you need.
5. Click to remove a student's exception.
6. Click **Save**.
7. To edit these exceptions, click **manage exceptions**.

Once you save, Populi will email the student about the new test window; he'll also see an alert on his dashboard about it when the time comes.

Time limit exceptions

If a student needs a different time limit than what you've set up for the test, you can add a time limit exception. You can add exceptions whether or not you've set up a time limit for this test.

1. Under *Time limit*, click **Add an exception**.
2. Select the student from the drop-down.
3. Select the new time limit setting from the drop-down.
4. Repeat the above steps as often as you need.
5. Click to remove a student's exception.
6. Click **Save**.
7. To edit these exceptions, click **manage exceptions**.

Once you save, Populi will email the student about the new time limit.

Proctoring Exceptions

If you wish to require proctoring for certain students or would like to excuse other students from being proctored, add a proctoring exception. You can add exceptions whether or not you've required proctoring for this test.

1. Under *Proctored*, click **Add an exception**.
2. Select the student from the drop-down.
3. Check **Yes** to require proctoring for that student or **No** to excuse him from being proctored.
4. Repeat the above steps as often as you need.
5. Click to remove a student's exception.
6. Click **Save**.
7. To edit these exceptions, click **manage exceptions**.

Proctor Requirements

Mastery of a course is determined by the successful completion of written work and two examinations: a mid-term and a final. Students should complete all assignments for the fourth class session before attempting to take the mid-term examination. The final examination should not be taken until all projects and assignments for the course have been submitted.

To assure the integrity of the courses, mid-term and final examinations must be taken in the presence of a proctor who has been approved by Rhombus.

The proctor cannot be a relative of the student, and cannot be a student enrolled at Rhombus. Some examples might include a college or university administrator or faculty member, a school superintendent or principal, a school or public librarian, ministry director, or a pastor.

To become an approved proctor, follow the steps below:

1. Complete the online application form, providing us with your name, the student's name for which you are proctoring, and your qualifications as proctor.
2. You will be notified via email when your proctor application has been approved.
3. Once you have been approved, you may follow the instructions linked here to proctor students' exams in our learning management system. You will also receive these instructions by email.

5.3 Satisfactory Academic Progress (SAP) and Good Academic Standing

Rhombus University is responsible for measuring and enforcing satisfactory academic progress to ensure student progress towards graduation. To be eligible for ongoing enrollment, a student must be in good academic standing and must be making satisfactory progress towards the completion of a degree within a maximum timeframe. All enrolled students are evaluated after each semester to ensure that the minimum requirements are being met. Students who do not meet the minimum requirement will face expulsion from the program.

Maximum Time to Complete a Degree

Rhombus students are required to complete all degree requirements within a percentage of the minimum credits required to degree completion. The maximum time-frame allowance is 150% of the published program length of the student's currently enrolled program of study. If a graduate degree requires completion of 36 credit hours, the reasonable length of time will be 36 hours X 150% = 54. The student would be within their reasonable length of time during their first 54 hours of attempted course work but not beyond that. Students who exceed their maximum allowable time to completion face expulsion from the program.

Quantitative Standard: Academic Completion Rate

Students are required to maintain a minimum quantitative Completion Rate, based on their degree program to remain eligible for ongoing enrollment. The Completion Rate is calculated by dividing a student's total earned credit hours by the student's total attempted credit hours. An attempted credit hour is defined as any credit hour the student remains enrolled in after the Census Date, including units that the student withdraws from. All students must successfully complete at least 67% of all credits attempted. Course grades of I, F, UF, PR and W represent credits attempted, but do not count towards the measure of credits satisfactorily completed.

Example A: If a student attempted 32 credits and successfully completed 26 of those credits (dropped 3 credits and failed 3 credits) the completion rate will be 26 credits earned divided by 32 attempted credits = 81.2% completion rate, therefore meeting the measurable progress component of this requirement.

Example B: If a student attempted 32 credits and successfully completed 20 of those credits, and dropped, failed, had an incomplete in, or withdrew from the other 12 credits,

the completion rate would be 20 divided by 32 = 62.5% completion rate, and therefore does not meet the completion rate requirement and would not be eligible for ongoing enrollment or financial aid assistance.

Qualitative Standard: Academic Standing

Students are required to maintain a fixed qualitative Grade Point Average (GPA) of 3.00 to remain eligible for both ongoing enrollment and Financial Aid. University policy requires that students maintain a cumulative 3.00 GPA throughout all course work.

Repeated Courses

Repeated courses will be counted as credit hours attempted but not earned when calculating the percentage of courses completed.

Repeated courses will affect the qualitative, quantitative, and time-frame measurements used to determine ongoing enrollment status.

Appeals

Students who are dismissed from the program for failure to meet any of the requirements above may present an Extenuating Circumstances appeal to the Office of the Dean within one (1) week of notification. Appeals must be based on Extenuating Circumstances that seriously affected the student's academic performance.

Examples of Extenuating Circumstances include, but are not limited to:

- Death in the family.
- Disabling illness or injury to the student or immediate family member (that required the student's care).
- Emotional or mental health issue of the student that required professional care.
- Other extenuating circumstances that were beyond the student's control

Examples of supporting documentation includes, but is not limited to:

- Obituary/Death Certificate
- Documentation from the student's (or family member's) medical provider
- Statement from a third-party that is familiar with the circumstances (preferably in a professional capacity)

Appeals will not be accepted for any of the following reasons:

- Lack of knowledge/understanding of the SAP Policy at Rhombus
- Medical appeals for illness/injury/hospitalization that do not coincide with the semester(s) of sub-standard progress
- Work/Scheduling conflicts (including voluntary overtime)
- Acclimation issues with regard to being in a university setting

- Student has submitted a previous Extenuating Circumstances appeal, regardless of reason, and the student is still not meeting academic progress or good standing requirements
- Student is repeating courses to increase the student's GPA or the student is taking courses for degree requirements outside the student's current program
- Student is taking pre-requisite(s) for a degree program in which the student is not currently enrolled

The Dean will convene an Appeals Committee of two (2) faculty members who will thoroughly review each appeal. If the Appeals Committee needs clarification or additional information, the Dean will contact the student directly. Any requested documentation is to be submitted as soon as possible. Appeal decisions are final and will be emailed to the student within two (2) weeks of submission. Students are encouraged to submit their appeals and documentation as early as possible to avoid any further interruption of their studies.

A student who is readmitted on appeal will be placed upon Probation under an Academic Plan which will require monthly monitoring of their ongoing progress by their Academic Advisor. The Academic Plan will consider the student's GPA, faculty or clinical supervisor evaluations, rubrics demonstrating mastery of course competencies, etc., and quantitative measures such as maximum time frame, rate of progress, and/or time remaining to complete the program (see above).

If a student fails to abide by the terms of their Probation and Academic Plan, that student will be permanently dismissed from the program by the Academic Dean.

5.4 Non-Punitive (credit/no credit) grades

Specified clinical courses have a credit/no credit grade and are competency based, measured by a set of criteria communicated to students at the beginning of the course. If a student fails the course, it does not count against the cumulative GPA, but the student may not be able to continue courses until successful completion. More information about these courses is located under the specific degree information.

5.5 Auditing a Class, Non-Credit Courses and Repeating a Class

RU does not charge for auditing a course or for any course in which a grade assigned is not used in computing requirements for graduation. This does not apply to repeats of required courses which the student has failed. The right to audit and the extent of auditing differs from class to class and between instructors. Not all classes may be audited.

5.6 Failure to Complete the Program

There are four possible results if students fail to complete the program as originally enrolled. Failure to take the appropriate steps can lead to an F in the student's permanent records.

Withdrawal

It is the student's responsibility to process an official withdrawal from class either in person or in writing to be sent to the Registrar. For the official record to identify as class as W for withdrawal, the student must withdraw by the end of the second week of classes.

Leave of Absence

A LOA status can be granted once during a student's academic career. The leave cannot exceed a maximum of 180 calendar days. Please refer to the Leave of Absence (LOA) policy (5.13) for further information.

Incomplete

At the end of the student's Course Completion Plan (CCP), the student will receive the grade earned for the entire course based on assignments submitted. A student who has not completed all assignments within the allotted timeframe risks receiving a failing grade for the course. If the student wishes to petition for an extension, this must be processed with the registrar's office prior to the end of the student's CCP. The Academic Petition fee of \$50 must be paid immediately, and if the extension is approved will expire four weeks from the CCP's end date. Only one course extension may be granted. If the student does not complete the course within the extension time, the earned grade at that time will stand.

Fail

A student whose grade is below C fails the course, receiving an F. A student may retake a course for a higher grade and is responsible for all normal tuition and fees for the duplicate course.

5.7 Withdrawal from Program

Any student who finds it necessary to interrupt his/her attendance by withdrawing from RU can complete the official withdrawal process by contacting the registrar representative. The official withdrawal form will assist RU in a timely withdrawal processing so that no additional services are rendered or charges incurred.

5.7.1 Withdrawal Date

A student's withdrawal date varies depending on the type of withdrawal.

At Rhombus University, a student's withdrawal date is:

1. the date the student officially notified the Admissions and Registrar's Offices of his/her intent to withdraw, or
2. the date the Admissions and Registrar's Office verifies the student's intent if informed from another source.

5.7.2 Official Notification Provided by the Student

A student is considered officially withdrawn only when the Admissions and Registrar's Offices have been notified of the intention to withdraw by the student in writing. If a

student sends written notification of intent to withdraw, the withdrawal date is the date the letter is received via fax, electronic mail, or postal mail.

The student may receive a refund based upon the date of withdrawal (see 4.6 Refund Policy).

5.7.3 Official Notification Provided by the School

If a student ceases attendance without providing official notification, the withdrawal date will be the last day of attendance at an academically-related activity, if documented by RU. In cases where an official notification was not provided by the student because of circumstances beyond the student's control (e.g., illness, accident, grievous personal loss or other circumstances), the date related to the onset of that circumstance will be used as the withdrawal date. The date will be determined by the Director of Academic Affairs.

If a refund is warranted, RU shall notify the student in writing of the refund date, the amount of the refund, the method of calculating the refund and the name and address of the entity to which the refund was sent within 10 days of the date on which the refund is made. Refunds will be made within 30 days of the determined date of withdrawal.

5.8 Transfer of Credits Policy to Other Schools

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at Rhombus University is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earn in the Master of Arts in Counseling Psychology program is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Rhombus University to determine if your credits or degree will transfer.⁶

Rhombus University has not entered into an articulation or transfer agreement with any other college or university but will notify students if any are in put into place in the future.

5.10 Experiential Learning

Rhombus University does not credit prior experiential learning for the graduate courses in the Master of Arts in Counseling Psychology.

5.11 Attendance Policy

Rhombus University is an online educational institution, allowing flexibility and diverse learning platforms. Education consists of a combination of learning platforms, including, but not limited to, live/synchronous video collaboration, recorded video lectures, reading materials, supplemental online learning methods, discussion board activity, interactive applications of learning, and more. Submissions are done in a consecutive manner in which all assignments of the first lesson are submitted before the second lesson is attempted and so forth for each lesson. This means that students must complete lessons in consecutive order within a course. Attendance is evidenced by submission of an assignment in Populi. An absence is recorded when no assignment has been submitted via Populi for a student from Monday to Sunday of a particular week.

There are two options for course completion, which a student will choose at the time of enrollment of each course.

	<u>7-Week Plan</u>	<u>14-Week Plan</u>
Course Completion:	7 Weeks	14 Weeks
Maximum Absence(s):	One	Two

If the maximum absence(s) is exceeded, the result will be an administrative drop from the class. The student may petition to be placed back into the course (re-enrolled), and the situation will be considered by the Academic Affairs Committee before re-enrollment is granted. The \$150 re-enrollment fee will apply and must be paid along with any other outstanding tuition and fees prior to the reinstatement in the course which must take place no more than 30 days from the administrative drop. The number of weeks in the 7-week or 14-week plan will resume to the week where the drop occurred. For example, if the student was dropped on week 4, upon re-enrollment they would resume on week 4. The student must complete the course within the allotted time frame of their course completion plan (e.g., 7-week/14-week). No further absences are allowed after re-enrollment. If the student does not complete within the allotted time frame, a grade of "W" will be applied to the student's transcript and the student will retake the course and pay all applicable fees.

In the event reinstatement does not take place within the 30 days from the administrative drop, a grade of "W" will be applied to the student's transcript and the student will be responsible for tuition and fees according to the withdrawal policy. The student will retake the course and pay all applicable fees.

5.12 Expulsion Policy

A LOA status can be granted once during a student's academic career. The leave cannot exceed a maximum of 180 calendar days within a continuous 12-month period. Students who do not return to full-time status at the end of their leave are considered to have withdrawn from Rhombus University.

- I. One (1) LOA will be allowed for emergency, illness or pregnancy. Students will be required to continue their instruction in the next available class at the point where their studies were interrupted, at the discretion of the academic advisor.
- II. The LOA must not exceed a total of 180 calendar days within a payment period or period of enrollment.

- III. The time taken for a LOA will not be counted against the maximum allowable time for program completion. Hours of the program will resume when the LOA is officially completed.

Requesting LOA Procedure:

1. Students must outline the reason for their leave in writing and submit it to the registrar representative who will present the request for approval to the academic advisor.
2. The Registrar will notify students approved for leave with a letter.

2. Any conditions set for a return from leave, such as a letter of clearance from the student's physician for medical leave of absence, that are specified in the letter of approval from the academic advisor must be met before the student may resume his/her studies.
3. Copies of said forms must be forwarded to the registrar representative.

Effect on Financial Aid Eligibility

Rhombus University does not offer federal financial aid but is important for students with previous and/or current student's loans to clarify the impact a LOA may have on a current loan deference.
